**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am retired and att keeps raising my phone rates as I have been with them over 50 years before the internet took over. Now ATT wants to raise the rates on the internet. Use by data caps and speed delivery combined, which forced me to look for another cheaper carrier. I was lucky to have found one with better service and cheaper rates, called Sonic.....they are great and will give ATT and the other internet Giants a battle like no other. I LIKE AND WANT AND SUPPORT BROAD BAND COMPETITION....we the tele, no usage caps and faster speeds.... consumers need our rates low and affordable. NO price hikes, no data caps, no internet speed reductions...we need competition for better ,,lower cheaper and quality internet phone service. So stay the current course and NO CHANGE in prices and service....Make AMERICA GREAT AGAIN....or I'll have Pres TRUMP look into your foolish greed and elimination of COMPETITION.,,,,,,

Sincerely,

Charles Huff
